

## 2020 ISA Texas Scholarship Recipient

### **JACK ZUBER**

Stephen F. Austin State University  
Urban Forestry  
Graduating, 2021

Ask Jack Zuber why he choose Forestry as his field of study and he'll tell you the hands-on aspect, love of nature, and the realization he was not built for a desk job, lead him to the SFA Urban Forestry program. His love of the outdoors started young when he'd visit his grandparents Hill country property, appreciating the land and the beauty it offers. He enjoys fly fishing and the bond with nature it provides. Jack Zuber serves as the historian of the *Student Society of Arboriculture* at SFA and hopes to work as an Arborist Representative in our great state of Texas!
