

The Science of Pruning Masters Series Workshop March 22-23, 2022

Texas Chapter ISA - The Science of Pruning

Pruning has been defined as the "Art" and "Science" of removing plant parts, usually shoots and branches. This workshop brings together Dr. Todd Watson, Dr. Lindsey Purcell, and Dr. Jake Miesbauer to discuss the science of pruning. Attendees will come away with a better understanding with how trees respond to various pruning practices and how to apply that knowledge to better care for your clients' trees.

Note: The registration deadline is March 18, 2022

Class size is limited!!!
