

TRINITY BLACKLANDS & RAINBOW ECOSCIENCE PRESENT

Plant Healthcare Training and Field Day

DESCRIPTION

Plant healthcare is unlike anything else in the Green Industry and requires specialized tools to perform the work properly.

Rainbow Ecoscience in coordination with Trinity Blacklands will come together for a half day infield PHC event. The half day will be combining world-class horticultural and arboricultural research with a ground-up understanding of day-to-day operations of running a service company.

Attendees will leave understanding what Plant Growth Regulators are and how to properly apply them to landscape ornamentals. Attendees will also be leaving with knowledge of identifying scale insects and how to properly prescribe a management strategy and provide treatments.

April 13th, 2022

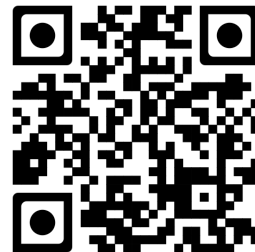

8AM - 12PM CST

Kidd Springs Park

1003 Cedar Hill Ave, Dallas 75208
