Dear ISA Texas Member,

Each year during the Texas Tree Conference & Trade Show we host a silent auction. **All proceeds from this event go towards scholarships for arboriculture & urban forestry college students, as well as local research and other state-wide urban forestry/ arboriculture initiatives.** These donations can be a business's products or services, store gift cards; passes or vouchers to family activities, hunting and/or fishing trips (or supplies), hand tools, power tools, or personal protective equipment/gear. Over the years, handcrafted and artisan items -particularly tree or nature-themed items- create a big draw to the silent auction. If you would like to donate to the silent auction, please let me know in advance by email (ginny.sills@gmail.com) so I can prepare in advance!

Sincerely,

Ginny Sills
2023 Silent Auction Coordinator
